

RICHARD JEPHCOTE

DIRECTOR OF PHOTOGRAPHY / FILMMAKER

ABOUT

Richard is a cinematographer for TV and film, working as a camera operator, director of photography and solo-shooter. Supported by a broad spectrum of filmmaking skills in both production and post-production including grading and editing.

He spent over 8 years working at (two-time) Academy Award-winning Grain Media becoming their in-house cinematographer, editor and colourist. Learning the filmmaking ropes in every department whilst working on acclaimed documentaries.

Richard has extensive experience of shooting internationally, filming in over 30 countries including difficult locations such as Afghanistan, Iraq, Gaza and the Congo - on mountains, glaciers, in deserts, and jungles within large and small teams. He is equally at home on a challenge reality set.
